

CITIPONTE CHURCH

GLOBAL BRANDING

Style Guide

Our Guide.

Vision — the ability to think about or plan the future with imagination or wisdom.

This guide is primarily concerned with strengthening the look and feel of Citipointe Church. We desire to create a warm, inviting, comfortable environment through which every piece of media, graphic and video we produce helps people connect with Jesus.

We do our best to be flexible; only setting rules when they're necessary, and placing guidelines otherwise. However, occasionally there is a need to **seriously consider everything we do** and follow practices that help us in furthering the growth and development of our church and ultimately those that choose to make Citipointe their home.

Our Mission.

Mission — an important assignment given to a person or group of people.

We believe that as a church we are here to **unmistakably influence our world for good and for God.**

We do this through the pathways of doing good, being active in making disciples, having attractive and empowering services, outworked through our vibrant locations and online.

Our mission is to see the lost found, the sick healed, the captives set free and too see decisions become disciples.

[View Heartbeat](#)

Citipointe is a place for people to feel safe, purposed, equipped and like they belong from the moment they come across an Instagram post, to when they drive onto our property, sit in amongst our services or watch online.

We are a place where people are free to be themselves and to grow and become all that Jesus has purposed for them. Our desire is that people feel they are accepted no matter their background. At all times we carry a very real sense of authenticity in every conversation, action, gathering and service so that people are free to encounter a very real Jesus that loves them.

We value and hold these in high regard through every aspect of our Church. These values and explanations can be found within the Heartbeat document.

Our Brand.

Our brand identity is the face of our Church.

Our identity represents who we are, our values, what we offer to the community, our ideas and our personality.

Our brand identity is made up of the following: *name, design, imagery, slogans, vision, mission statement* etc. These factors set our Church apart. The simple definition of our brand identity is how we want the community and others to perceive us and what we do.

Citipointe Church is a brand. It's our brand. Within this guide you will find examples on how ensure we maintain a strong identity and brand by using specific elements such as logos, fonts and language. It will also include some intangible elements such as thinking, feelings and expectations - ultimately how we communicate our vision and what is felt by those who are receiving it.

Our Identity.

Identity — the reputation and characteristic of a person or organisation that makes the public think about them in a particular way.

Because of the incredible growth we are experiencing as a church, we are naturally presented with challenges surrounding our visual identity (brand).

Here are a few things to consider:

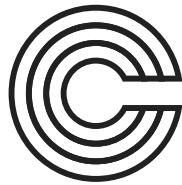

Consistent use of our branding is of the **highest importance.**

The audience we are speaking to is both internal and external (those who know Jesus and those who don't... yet!)

Our identity must be universal to be successful with locations and departments acting as a symbol of our unity as a Church.

Resisting the urge to adjust elements, especially in the identity and brand itself, will lead to our audience recognising, remembering, understanding and connecting with what we stand for.

Our Tagline.

**CITIPOINTE
CHURCH**

Where You Matter.

“Where You Matter”

We want people to know that at Citipointe Church - they are valuable, important, loved, seen and that they matter - to us and to God. Used in conjunction with our Citipointe Church branding, our aim is to send a positive message outside our four walls, into our communities, neighbourhoods and ultimately influence our world for good and for God.

“Where You Matter” is an indirect statement that can be used for both internal and external marketing. A series of approved logos with this tagline are available for you to use. (Our preferred tagline logo layout is pictured left)

You can also use this phrase:

- Verbally from platform
- On social media in captions, comments and in hashtags #WhereYouMatter
- Signage on buildings, buses, banners and beyond

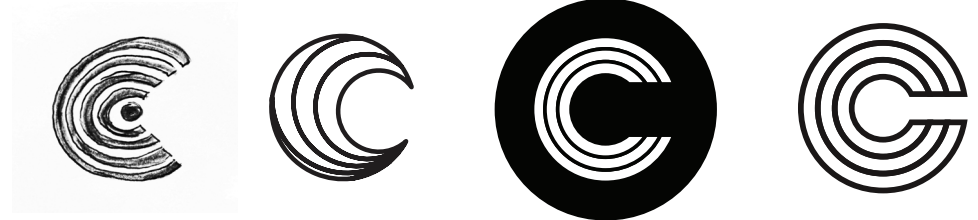

LOGOS

The Design.

Designing with our beliefs in mind.

When deciding on a name twenty years ago, Pastors Mark and Leigh Ramsey wanted our Church to be known as a point of God's contact for the city, with the mission statement "to unmistakably influence our world for good and for God".

With the desire to effectively communicate the Citipointe brand whilst staying true to our identity, our name and our beliefs, we created the ideal logo to balance these two needs.

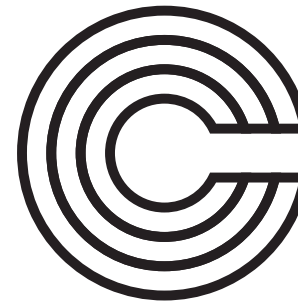

Some of the many design drafts that were created, refining our logo.

We have chosen to use **Proxima Nova** as the primary font for Citipointe as it is a simple, clean font with plenty of varying weights within the font family. It provides a modern yet timeless look and is easy to read at any size.

The icon was first drawn as a circle (representing the city and beyond), with a small point in the middle (representing God and His Church). Ripples radiating from the point were added, signifying two meanings:

1. The influence we have through God that impacts individuals, families and communities for good.
2. Three lines representing our belief in the Father, Son and Holy Spirit (the Apostles Creed).

To tie all of these elements back into our branding, a portion of the circle was cut out, creating a shape to characterise the letter C for Citipointe.

**CITIPOINTE
CHURCH**

Primary Global Logo

This is our primary Citipointe Church global logo and will be used on all and any corporate mediums that cover our church as a whole. Its consistent and correct use is crucial. Reproduction of this logo and its supporting elements should be in accordance with the standards set out in this guideline.

The vertical stacking of the logo is our preferred layout, however you can use the horizontal logo when the vertical logo doesn't fit in the dimensions well (e.g. placing a logo in a horizontal email footer).

VERTICAL LOGO

This is our preferred logo

HORIZONTAL LOGO

Primary Location & Demographic Logos

These are examples of what our Citipointe Church location and demographic logos look like.

While it maintains all the properties and elements of the Citipointe Church logo, we have added the extra name below the Citipointe Church wording and in a lighter font so that it is easy to differentiate.

This logo is to be used on any mediums specific for the selected location or demographic such as slides, social media, printed flyers, posters etc.

VERTICAL LOGO

This is our preferred layout

HORIZONTAL LOGO

Secondary Logos

Our secondary logo is a simplified version of the primary logo. This design has eliminated the icon to improve readability in small sizes, such as online or small print.

LOCATION OR DEMOGRAPHIC LOGO

Icon logo

Our icon logo is a stripped back version of our primary logo. Our icon logo is used when the design must be resized to extremely small formats or to help communicate Citipointe's brand quickly, (e.g. a social media display picture or thumbnail).

How To Use Our Logos

Logo exclusion zone

The logo needs to be seen clearly, so it should never be crowded by borders, graphics, images or text. To prevent overcrowding, the logo should always have an area of clear space with an exclusion zone around it. The zone changes size as the logo is scaled up and down, but it is always $(1/2 X)$ the overall height of the logo (X) .

This rule must be applied to every Citipointe Church logo, including demographic logos that aren't designed to Citipointe Church branding (e.g. Youth Society).

Hint: Just make sure there is enough space around the logo to be clearly seen

How To Use Our Logos

These rules can be applied to all Citipointe logos including departments.

Print

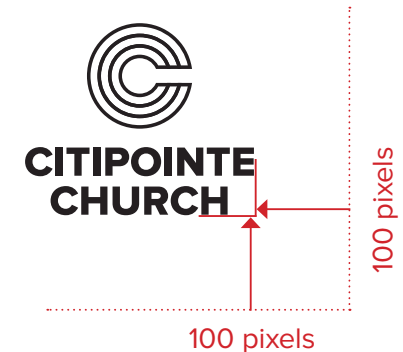

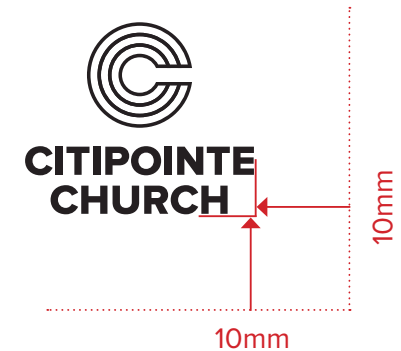

The logo should:

- never be smaller than 20mm wide and never be less than 10mm from the edge of print items

Screen

The logo should:

- never be smaller than 200 pixels wide on screen (slides, social media)
- never be less than 100 pixels from the edge of screen items

How To Use Our Logos

Here are some examples of our logo paired up with text or other logos.

IT'S NOT OK
PROJECTS

The Ivory Project
is an initiative of

Unmistakably influencing our
world for good and for God.

How To Use Our Logos

Logo colour variants

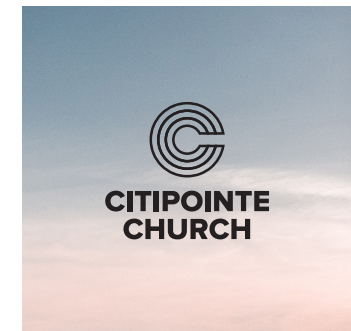

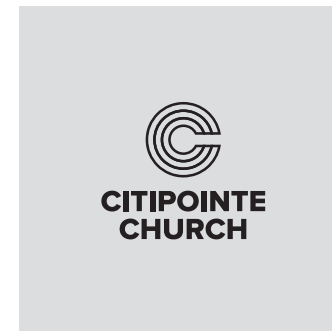

Logos are one solid colour, that can either be in black or white, depending on the background.

Black:

CMYK: C: 0 - M: 0 - Y: 0 - K: 100

RGB: R: 0 - G: 0 - B: 0

Use on light backgrounds and imagery.

White:

CMYK: C: 0 - M: 0 - Y: 0 - K: 0

RGB: R: 255 - G: 255 - B: 255

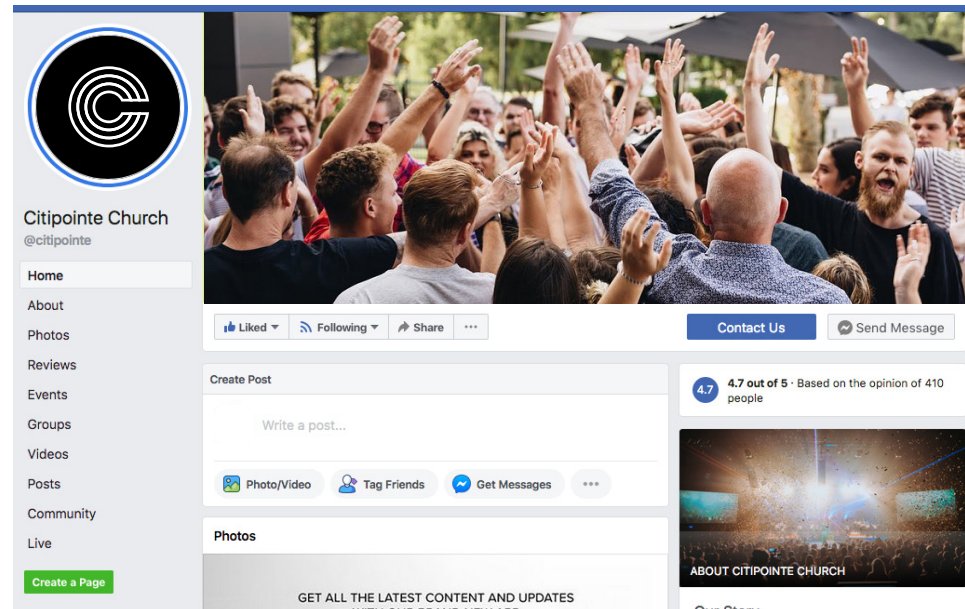

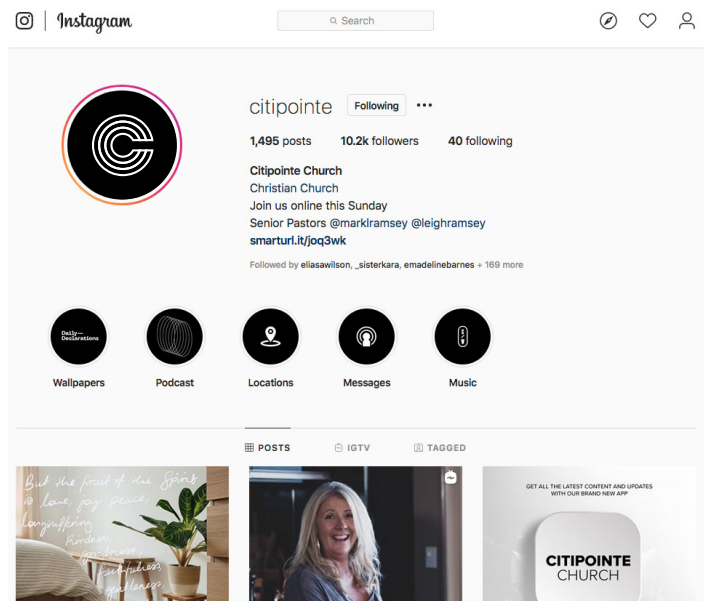

Use on dark backgrounds and imagery.

How To Use Our Logos

Social media

Here are some examples of our icon logo in use for our social media display pictures.

Things to avoid

Here are a few common mistakes made when using our logos. These iterations must be avoided at all costs.

Avoid adding on extra images or text to logo

Avoid placing it on anything that makes it hard to read

Avoid removing anything from the logo

Avoid stretching the logo

Avoid changing the colour

When in doubt, just ask us! Email us at graphics@citipointechurch.com with any questions.

FONTS

Global Fonts

Primary font - Proxima Nova

We have chosen to use **Proxima Nova** as the primary font for Citipointe as it is a simple, clean font with plenty of varying weights within the font family to be able to achieve the necessary hierarchy of information within a design. This font is intended to be used for major blocks of text and information such as body copy, sub headings, dates, website info etc on social media and slides.

Secondary font - Minion Pro

We also use Minion Pro (multiple weights and styles) for secondary information, such as headings, subheadings and quotes. This is to be used sparingly.
