

Connect Bar

"We set the atmosphere by being prepared, present, and people-focused."

Serve Overview

We don't just set up iPads — we create an environment where every guest feels seen, supported, and guided. Our team is intentional about:

- Being **on the lookout for guests** who look new, unsure, or in need of help.
- Being **knowledgeable about church life** (service times, Kids check-in, Next Steps, restrooms, lobby resources, etc.) and confidently helping people find what they need.
- Creating a smooth guest experience from the moment they enter until the service ends.

Team Needed

- 2 Team Members Including team lead (1 lobbyj, 1 back lobby)

Before Service

- Arrive by **9:00 AM** to set up before **Team Huddle (9:25 AM)**.
- Gather 1 **iPad and stand**
- Confirm **connect bar** are available and set up
- Be ready to serve with empty hands and full attention.
- **Know your info!** Review campus events, Next steps, and key ministry areas before guests arrive so you can confidently answer questions.

During Service

- Stay at the **bar area until 10:15 AM**, being watchful and ready to help anyone approaching.
- Be proactive: smile, greet, and initiate conversations with "I don't think I've met you yet" or "How can I help you today?"
- Know where the child headphones are if requested by a parent
- Pointing isn't enough — **walk with people** to where they need to go (Kids check-in, restrooms, Growth Track, etc.).
- Toward the end of service, when salvations are being prayed, return to the bar and remain there until **at least 12:15 PM** to serve guests as they leave.

After Service

- Return all iPads to chargers and properly store stands.
- Check the bar and lobby area for cleanliness — leave it better than you found it.
- Continue greeting and engaging with guests until the next team is released.

Notes

- Excellence is in the details: technology working, space tidy, and most importantly — **eyes up, people first**.
