

Franklin Welcome Team

Serve Overview

The Welcome Team exists to create an exceptional guest experience throughout the entire Sunday morning. As one unified team, we welcome guests, assist at the Connect Bar, help prepare and care for the auditorium, and support the flow of the service.

Our goal is simple: every person who walks through our doors should feel welcomed, cared for, and encouraged from their first step onto campus until they head home.

We serve with intentionality, excellence, and flexibility—always looking for opportunities to help wherever needed.
