

Monthly Team Rostering Process in CCB

1. Rostering should be completed about one month in advance. For example, by **June 10th**, July should be scheduled and sent out.
2. Go into each team in CCB, starting with a team like **Parking Lot Team**.
3. Click **View All in Grid**.
4. Click **Add Weeks** to add the upcoming Sundays for the month.
5. Once the new weeks appear, add the correct **serving rotation** for each Sunday based on whether it is the 1st, 2nd, 3rd, 4th, or 5th Sunday of the month.
6. Repeat this process for each team until all teams have been scheduled for the upcoming month.
7. Once the serving rotations have been added, go to the top right and click **Notify Volunteers** to send out their serving requests.
8. Each Wednesday, go back into each team and check whether volunteers have accepted, declined, or are still pending.
9. If someone declines, make the needed adjustment to the schedule.
10. If someone is still pending, reach out to them directly to confirm whether they are able to serve.

Serving Rotations

Serving Rotations are the best place to keep your volunteer teams organized and up to date. Whenever a new volunteer completes the onboarding process, add them to the appropriate Serving Rotation. This ensures they are automatically included when generating future monthly schedules, as long as the correct Serving Rotation is selected.

It's important to keep Serving Rotations current by:

- Adding new volunteers once they are ready to serve.
- Removing volunteers who are no longer actively serving.
- Updating team assignments as needed.

Maintaining accurate Serving Rotations keeps scheduling clean, prevents volunteers from being overlooked, and ensures each month's schedule is generated from an up-to-date list of active team members.
